

Helping Community Cats

Have you ever wondered about the roaming cats in your neighborhood?

Who do they belong to?

Who is caring for them?

Where do they eat and sleep?

What happens if they are sick or injured?

***How can we prevent more kittens
from being born outside?***

To learn the answers to these questions and many more, please join us for an informative evening. Our panel representing members from the animal welfare, animal control and veterinary communities will share their expertise and ways you can get involved.
