

FAMILY DOG TRAINING CLASSES

Learn how to have a well-mannered dog and strengthen your relationship with the help of Our Companions' reward-based training classes.

Clients are provided with individual help during classes due to a low student to instructor ratio.

We instruct you on how to teach your dog to be comfortable around other people, other dogs and unexpected life situations. Training classes include basic skills, attention and focus exercises, impulse control and confidence building.

Register for class at
OurCompanions.org
or call **860-242-9999**
for more information.

Dogs with behavioral concerns are welcome. Please contact the Our Companions Helpline at **860-242-9999** or **Helpline@ourcompanions.org** prior to registering so that we may develop the best training plan for your dog.

“

Client Comments:

“I appreciated the simplicity of the instruction, individualized attention, and controlled setting.”

“I have had dogs for 30+ years and done a lot of training. This was by far the best format I have participated in and I just can't say enough great things about our instructors. They are the best!”
